

Quick Reference

The PowerSeries Neo Alarm System uses shortcut keys to access options or features on all models of keypads. When using an LCD keypad, the PowerSeries Neo Alarm System additionally uses a menu based navigation system. The scroll   keys can be used to [Scroll] through the list of options contained within the current menu. For more information on keypads see 2 “Understanding your Keypad Display”.

NOTES: Some features must be enabled by installer.

Bypass Groups are not permitted in UL listed installations.

[*] - If configured by installer

Status Lights		Function Keys		Emergency Keys	
	Ready - Indicates system normal. Must be on to arm system. All zones must be secured or bypassed and the system disarmed for this light to activate.		Stay Arm	 	Fire Alarm
	Armed - Indicates system is armed. If the Ready light and the Armed light are both on it indicates an Exit Delay is in progress.		Away Arm	 	Medical Alarm
	Trouble - On indicates a system malfunction or tamper. Flashing indicates that the keypad has a low battery condition. Follow the instructions displayed or enter [*][2] to view trouble. Correcting the trouble turns off the indicator.		Chime	 	Panic Alarm
			Reset Sensors		
	AC Power - Indicates AC Power is present. The AC Power light will turn off when AC is absent.		Quick Exit
